63318 Memorandum submitted by the Public of Bellare centre (Maluad area), South Kanara District.

ASSISTANT SECRETARY
23 DEC 1952
HEALTH DEPARTMENT

Dated 21st December 1952

Respectfully Sheweth

The public of Bellare centre most respectfully beg to submit that the Bellare Centre has all these years felt the need for a Rural Dispensary so as to give adequate medical relief to the people of the centre.

The nearest medical relief available for the centre is at Puttur at a distance of 17 miles and at Sullia at a distance of 10 miles, and also at Kadaba at a distance of 16 miles.

Bellare Centre is in Maluad area, and this Centre can comprise

not less than 12 villages, besides the population that passes through Bellare to Sullia or Puttur. So to speak Bellare centre is the key-position for the population of the villages east of the centre.

The centre is in need of a Rural Dispensary with at least a dozen beds for in patients, with scope for maternity and child welfare purposes.

As there is a High school in Bellare besides other Elementary schools, there is sufficiently a large population which demand urgent necessity for a Hospital and we hope our Popular Government need not be reminded why the opening of a Hospital in the centre should be considered as quite essential.

We earnestly pray that this Bellare centre being a Malnad area consisting of socially and economically backward peoples, may be granted the benifits of an adequate Medical relief by opening of a Rural Dispensary with at least a dozen beds for in patients, with scope for maternity and child welfare purposes for which act of generosity we the Public of Bellare ever pray.

I forward herewith for the information of the Government a*copy of letter C.No.783/53,dated 20-1-1953 received from the District Medical Officer,South Kanara.

In the circumstances stated by the District Medical Officer, I suggest that the South Kanara District Board may be asked to take up the question of opening a rural dispensary at Bellare.

Yours faithfully,

for Director of Medical Services.

*Copy of letter.

All the facts mentioned in the petition regarding the location of the place and non-availability of Medical aid within a distance of 10 miles are true. The District Board could

could be addressed to open a Rural Dispensary at Bellare. But the difficulty of getting a Medical Officer to run the dispensary even if one is sanctioned, is always there.

Sri B. Narayana in his petition on pp. 1-3 CF has explained ~~regarding~~ the difficulties experienced by the people of Bellare for want of medical relief facilities and the necessity for the opening a rural dispensary at the place.
8663 of 6-7 CF The D.M.S. while endorsing the views of the D.M.O. S. Kamara that the Dr. Bd. S. Kamara may be asked to take up the question of opening a rural dispensary at Bellare.

The Govt. may agree with the D.M.S. and the Dr. Bd. may be asked to open a non subsidised rural dispensary at Bellare. ~~However, the Dr. Bd.~~ pleads its inability to pay subsidy to the Medical practitioner to be employed at the place, the Govt. may then consider the question of payment of ~~subsidy to the R.M.P.~~

If a non subsidised rural dispensary with a R.M.P. is opened at the place, the Dr. Bd. has to spend from its funds about Rs. 2300/- P.A. towards medicines subsidy to the R.M.P. and on other incidental charges.

C. Exp: budget

and ~~if a subsidised one is~~ the opened, the subsidy to the R.M.P. (Rs 900 P.A. if he is a graduate and Rs. 720/- P.A. if he is a licentiate in medicine) will be ~~paid from State fund~~. Subject to approval, draft Memo. to P.D.B. S. Kanara is submitted for approval.

It is observed that on the basis of the ~~R.E.~~ B.E. for the year 1953-54 the estimated ordinary receipts fall short of the expe. by Rs. ~~2,21,370~~ 1,25,400. The financial position of the Dist Bd is not satisfactory. ~~It is proposed to ask the Dist Bd~~ In the orders on the B.E. for 1953-54 the Govt. has commended that ~~it should~~ not to increase its commitments either by opening new institutions or by expanding the services in the existing institutions. L.A. Dept. have not agreed to the proposal to ask the P.D.B. S. Kanara to consider the possibility of ~~of~~ opening a non-subsidised rural dispensary at Bellare as the financial position of the Dt Bd. is unsatisfactory. In the circumstances, no further action seems necessary on this file and this may be lodged.

M(H)'s minutes on P.3 ante may be perused.

If a subsidised rural dispensary is to be opened at Bellare, the subsidy to the R.M.P. (Rs. 900 P.A. if he is a graduate and Rs. 780/- P.A. if he is a licentiate in Medicine) will be paid from State funds and the expenditure towards medicines and other incidental charges which will come to about Rs. 1400 P.A. will have to be met from the Dt. Bd. funds. L.A. Depts may be requested to say whether S. Kanara Dt. Bd. will be able to meet this expenditure from its fund. Fin + Adm may see for the same. I have stated that the financial position of the S. Kanara Dt. Board is not satisfactory and it cannot be permitted to increase its commitments.

MRM
11/3/53.

It is therefore doubtful whether the Board will be able to meet its portion of the expenditure even if a subsidized dispensary is opened at Bellare.

Further, proposals for new subsidized dispensaries are always clubbed together and treated as a Central scheme.

Fw orders whether the petitioner may be informed that in view of the unsatisfactory financial position of the S. Kanara Dist Bd. the proposal for opening a subsidized or non-subsidized dispensary at Bellare cannot be entertained at present. | N
